

2010
years

Welcome to 2010 and our 20th year of trading

2009 was a year of opportunity, despite the recession which we feel we have weathered in good shape and we are ready for the challenges to come. We have invested heavily in new print and finishing equipment to reflect the increasing demand for short run, high quality, quick turnaround print. To our customers a big thank you – many of you have been with us for as long as we have been trading – we will continue to provide the high quality of service to you all that has been our hallmark for 20 years.

As I have written before, businesses are made up of individuals – they make any business what it is and we are no different to anyone else in this respect. So this year, for 2010, some updated news about the Hayward Design & Print team.

Phillipa Hilton who has been with us for four years is responsible for our accounts and general administration. **Joel Bellot**, now nearly into his fifth year continues with all responsibilities for graphic design and print output, whilst **Andy Piddock**, now in his eighth year, advances our web site portfolio. **Lesley Stark** continues her work of five years as a print finisher and web administrator. **Ollie**, my son, has joined us during his gap year and that completes the Hayward Design & Print team for 2010.

We would all like to wish our customers, suppliers and friends a very prosperous 2010 and we look forward to being of service and help once again throughout the year.

Best Wishes

Geordie Hayward
